

Lydia's Garden

SAC LYDIA'S GARDEN

Our Special Abilities Cluster (SAC) program is fortunate to have four periods of gardening classes for our adult LINC students. Through the years, our garden has been exposed to the elements which has resulted in some disrepair.

Our students enjoy the outdoor environment and physical movement involved in the gardening class. We would love to have a safe and functioning garden that will last for years to come.

CAN YOU HELP:

Donate-

- ✓ Solar panel for greenhouse to provide electricity to equalize temperature.
- ✓ Design a wooden sign that is painted with "Lydia's Garden" (contact us for more information)
- ✓ Any gift cards for gardening stores (Home Depot, Ace Hardware) to buy seeds, new gardening gloves for our students, soil and unexpected expenses.
- ✓ Wheelbarrow

Labor-

- ✓ Help with greenhouse repair and temperature control ideas.
- ✓ Install our sunshades properly
- ✓ Repair wooden planters

**We hope you feel inspired
with "Your special
abilities" to help our
garden!**
