Huntington Beach, California 92646

Dear SAC Families,

My name is Michael Burgard and I am a Life Scout with Troop 1226 here in Huntington Beach. It is time for me to complete my **Eagle Scout Leadership Service Project** and I could use your help.

A short time ago, I noticed many of the 200+ special education students at Edison High School were having to stand while waiting for buses, both during the morning and afternoon departures. As you can imagine, for some of these awesome kids and young adults this can be difficult, especially if it's warm outside. Being a former EHS student myself, it's my hope to raise enough funds to install at least three benches in hopes of lightening their load just a bit. In collaboration with the EHS Special Abilities Cluster (SAC) program, I am dedicated to making this happen, but we need your assistance.

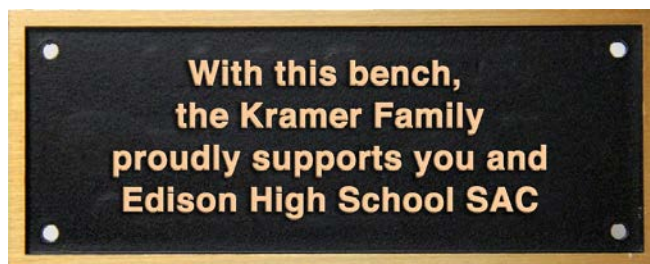

Each of the three metal benches costs a little over \$500 in materials and installation costs. Our community is clearly excited and eager to see this project succeed. We hope you can be a part of this excitement by supporting our youth with a \$500 tax-deductible donation. We are happy to:

- **Gratefully acknowledge your donation on the Edison High School SAC website, Facebook page, and in all press releases.**
- **Permanently mount a special plaque on the bench honoring your contribution (unless you prefer otherwise).**
- **Mention your generosity at the numerous Edison High School SAC events.**

Thank you for your consideration of this very worthwhile endeavor. If you have any questions regarding my Eagle project, the EHS Special Abilities Cluster program, or if I can be of any service, please feel free to contact me at michael.burgard@earthlink.net or by phone at 714-862-7140. Your generosity and thoughtfulness is deeply appreciated.

Sincerely,

Michael Burgard, Life Scout
Troop 1226

PS: Please address donations to "EHS Special Abilities Cluster Booster Club". The EHS Special Abilities Cluster Booster Club is a non-profit organization (501c3) and your donation is tax-deductible.
